Subject: Relicensing Draft Documents

Frank & Teresa:

Sorry that I missed the meeting in May. My mother has been in the hospital since May 2, with almost 3 weeks in ICU. We were rather preoccupied.

I sent by Cole my verbal comment that the document, while mentioning that the river from Altavista to Long Island had prequalified for scenic river designation, curiously failed to mention that from Long Island to Clover had scenic river designation (in fact, the Long Island to Brookneal reach was Va's 1st scenic river). As releases from Leesville Dam are the primary determinant of flows in the scenic river stretch during the warm weather recreational season, as well as having a number of other impacts upon scenic river considerations, I felt that the designation should be included & conjectured that it's exclusion was but an oversight.

Please let me know if this detail has now been included or if I need to submit a formal letter to secure inclusion, and if so, by what date.

Thanks.

Shelton
